Erin,

Eleanor Bartolomeo and Scott Ligare have been tracking compliance with both sets of objectives and are available if you have any further questions. They have been cc'd on this email.

Hey Karen,

I don't know if you are the right person to ask or not but you're always so informative so I thought I'd start with you. Is the state board tracking compliance with D-1641 relative to both the original objectives in D-1641 (& Bay-Delta WQCP) and the modified objectives per the temporary change order? Do you know who I might talk to about that to find out if someone is doing that?
